

Symptoms of Torpid Liver.

One of the most common diseases affecting the liver is torpid or sluggish pain in the head, accompanied with a dull, heavy sensation in the back part, pain in the right shoulder and under the right arm, with a sense of weariness and a disposition to exertion of body or mind; fatigability of temper, loss of appetite, loss of memory, loss of power of saving money, loss of interest in duty; general weariness and debility. If these warnings are unheeded, serious disease will soon become evident.

TOBACCO DEPARTMENT.

RICHMOND, VA., Aug. 1.—Offerings of tobacco at auction on "Change Friday, August 1, 1890." Total offerings, 21 packages, 100 lbs.; 222, one at \$1.25, one at \$1.20, one at \$1.12, two at \$1.00, one at \$9.75, two at \$8.50, one at \$8.50, one at \$2.50, one at \$2.20, 20 lbs. sales reported to the secretary today. Wheat, 100 lbs. hogheads; milled, 5 bagsheads; cutters, 5 hogheads; smooth, 12 hogheads; scrap, 1 hogheads; dark tobaccoes, 8 hogheads, total, 52 hogheads.

Office of the tobacco inspector reports today: Inspections—Bright, 59 hogheads, 24 bagsheads; Western, 24 bagsheads; Receptions—Bright, 59 hogheads.

Farmer's, 59 hogheads; Davenports, Old Dominion, Crenshaw's, Davenport's, Planters', and Merchants', Shelleburne's, Seabrook's, and Myers' warehouses report today: Receipts—79 hogheads, 14 hampers and boxes; deliveries, 49 hogheads, 8 tins and boxes.

Office of the collector of the United States internal revenue reports collections for the city of Richmond today as follows: Tax paid on imports and exports \$80,40; tobacco, \$6,000; total, \$86,40.

Registered at the Tobacco Exchange Friday, August 1st, 1890; T. R. Loving, Philadelphia, E. D. Christian, New York City; W. L. Blanton, Carolina; John E. Englehardt, Durham, N.C.; F. L. Drake, Atlanta, Ga.

United States War Department weather map, dated August 1st, reports no rainfall at Louisville, Ky., or Cincinnati, O., for the past twenty-four hours.

Mr. J. J. Bolling has received a letter from Mr. J. M. Smith, of Asheville, N. C., in which he says: "I saw Mr. J. M. Smith, warehouseman, today, and asked his opinion of the present outlook for the tobacco crop. He said: 'I might say that our next crop would be the best ever raised here. We'll be up to 100%.'"

On our own tobacco commission merchants sold two hogheads of dark tobaccoes on the Richmond tobacco market today, one hoghead bringing \$14 and the other \$16. These tobaccoes were from Charlotte county.

A special from M. H. Clark & Bros., of Clarksville, Tenn., under date of July 31st, says: "Dry weather continues. Market very strong. Stumpers withdrawing strips from market."

The local tobacco market was quiet today, though there were fair sales of bright wrappers. Inspections and re-inspections light, receipts and deliveries light, receipts being about thirty hogheads in excess of deliveries. Internal revenue collections on plug tobacco were large.

Clarksville, Tenn.

CLARKSVILLE, TENN., July 30.—Our receipts have fallen off, but are still fair for the period of the year. Our sales for the week ending today were 100 hogheads. The market is holding no more than 100 pounds of tobacco, being strong, but irregular, with continued speculative purchases. Lungs and Brethren leaf irregularly, 100c. higher. Sellers seem firm in their views, as shown by an increase in the quotations received. The field is held in a balance, a balance which against very large advances and the old tobacco will be brought into play to supply wants, in fact is already being done so. Stumpers are still active, but the market is strong. The market Britain and Ireland probably make them next year, are sending forward orders for purchases there. Cessation of stemming will add largely to the available stock of leaf tobacco next season. We have no rain showers during the past week, but good general rains may come at any time.
